PROFESSIONAL SUMMARY

Frontend developer and recent Information Technology graduate building responsive React and TypeScript applications with clean UI structure, reusable components, form validation, state management, and API-aware workflows. Brings 540 hours of hands-on technical support experience plus practical exposure to SQL data modeling, Prisma, authentication, and production-style project organization.

TECHNICAL SKILLS

Frontend	React, Next.js, JavaScript, TypeScript, HTML5, CSS3, Tailwind CSS, Bootstrap
Backend & Data	Node.js, PHP, REST APIs, Prisma, MySQL, PostgreSQL, MongoDB, Supabase
Tools & Practices	Git, GitHub, Vite, Vercel, Figma, Zod, React Hook Form, responsive design, accessibility, debugging

SELECTED PROJECTS

Personal Portfolio Website | React, JavaScript, Three.js, Framer Motion, Vercel Live site
Built and deployed a recruiter-focused portfolio with reusable content data, accessible navigation and theme controls, reduced-motion support, performance-aware 3D enhancements, and a serverless contact workflow.

Inventory Management System | Next.js, TypeScript, Prisma, PostgreSQL, Zod GitHub
Designed a normalized inventory data model for users, products, suppliers, categories, locations, stock levels, and immutable stock movements. Added role hierarchy, centralized API error handling, repository-based data access, pagination-ready queries, and transaction-backed list/count operations.

PromptForge AI | React, TypeScript, Zustand, React Hook Form, Zod
Built a prompt-generation workspace with schema-validated forms, live markdown/plain-text preview, quality scoring, persistent Zustand state, prompt library/history flows, export actions, toast feedback, and accessible reusable UI components.

GridCraft CSS Grid Inspector | JavaScript, HTML, CSS GitHub
Created a visual CSS Grid inspection tool focused on layout debugging and front-end learning workflows, strengthening practical DOM, styling, and browser-based interaction skills.

EXPERIENCE

IT Intern, Computer Technician & Retail Support 540 hours
MAKOTEK Computer Sales Inc.

- Diagnosed hardware and software issues, performed computer maintenance, and supported day-to-day technical troubleshooting.
- Translated technical details into clear customer recommendations, practical next steps, and compatibility-focused guidance.
- Built discipline in root-cause analysis, documentation-minded communication, and calm support under real retail conditions.

EDUCATION

Bachelor of Science in Information Technology 2026
Misamis Oriental Institute of Science and Technology Inc.
