J.M. Ceniza, Looc, Mandaue City, Cebu, 6014

PROFESSIONAL SUMMARY

Recent IT graduate with hands-on experience in hardware/software troubleshooting, technical support, and full-stack web development. Completed a 540-hour internship as a Computer Technician, handling customer support, OS installations, and system maintenance. Built and deployed real projects — including inventory and POS systems — using React.js, Next.js, Node.js, PHP, and SQL databases. Strong troubleshooter, clear communicator, and quick learner, looking to grow in IT Support, Help Desk, or Junior Developer roles.

TECHNICAL SKILLS

- **Front-End:** React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3
- **Styling & Design:** Tailwind CSS, Bootstrap, Responsive & Mobile-First Design, UI/UX Principles
- **Back-End:** Node.js, PHP, Python (FastAPI), REST APIs, Supabase (Auth, Database, Storage)
- **Databases:** PostgreSQL (Supabase), MySQL, MongoDB, SQL
- **Authentication:** JWT + Refresh Tokens, OAuth 2.0, Supabase Auth
- **DevOps & Deployment:** Git & GitHub (version control, branching, pull requests), Vercel (deployment & hosting)
- **Tools:** Figma (prototyping & developer handoff), VS Code
- **Other:** Debugging & troubleshooting, cross-browser compatibility, performance optimization

PROJECTS

Personal Portfolio Website — React.js, Next.js, TypeScript, Tailwind CSS

roferosryan.vercel.app

- Developed a responsive personal portfolio with a React.js front end and Node.js back end.
- Version-controlled with Git/GitHub and deployed to production on Vercel with automatic deployments on every push.
- Styled with Tailwind CSS, Bootstrap, and custom CSS for a modern, mobile-friendly experience across devices.
- Optimized for performance, usability, and cross-device compatibility.

Jay-Ann Motorparts Inventory Management System — HTML, CSS, JavaScript, PHP, MySQL

- Built a web-based inventory system that manages products, transactions, and reporting for a motorparts business.
- Developed a responsive admin dashboard for registering and updating products, managing mechanic lists, and generating records and reports.
- Designed the front-end interface with a focus on clear navigation and fast day-to-day data entry.

Like Our Kings POS System — HTML, CSS, JavaScript, PHP, MySQL

- Developed a web-based point-of-sale system for small retail stores, handling transactions, order management, and daily sales tracking.
- Implemented categorized inventory (Food, Beverages, Health/Sanitary, Other Items), user account control, sales reporting, and receipt printing.

- Built an admin dashboard with a real-time overview of stock levels and total sales to support business decisions.

Burgerism POS — UI/UX Design (Figma)

- Designed a point-of-sale interface in Figma focused on user-friendly navigation and efficient order management.
- Created interactive prototypes covering order placement, payment processing, and sales reporting workflows.
- Prepared annotated designs and component specifications for developer handoff.

EXPERIENCE

IT Intern (Computer Technician) — MAKOTEK Computer Sales Inc.

On-the-Job Training — 540 hours

- Provided hardware and software troubleshooting, computer maintenance, and technical support for customers.
- Diagnosed and resolved system issues methodically — the same structured debugging approach applied to web development.
- Handled technical sales and product consultation, strengthening communication and client-facing skills.

On-the-job trainee – sales department

IT Intern (Retail Sales) — MAKOTEK Computer Sales Inc.

- Assisted customers in selecting computer products (laptops, desktops, components).
- Answered product inquiries and explained features based on customer needs.
- Built rapport with walk-in customers and provided follow-up support.
- Stayed updated on available stock, specs, and pricing to make relevant recommendations.

EDUCATION

Bachelor of Science in Information Technology

Misamis Oriental Institute of Science and Technology Inc. — 2025–2026

Talisayan National Senior High School — Business Administration Management — 2021–2022

St. Mary's Academy of Carmen — High School — 2019–2020

CERTIFICATES & AWARDS

- JavaScript Programming — Bro Code (8 hrs)
- HTML and CSS — Telusko (9 hrs 7 mins)
- PHP for Web Development — CodeMy (2 hrs 33 mins)
- Databases with SQL — CS50 (Harvard/edX)
- Introduction to the Fundamentals of Databases
- MongoDB Database Training (11 hrs)
- Windows Server 2012 & Active Directory — ITFreeTraining (24+ hrs combined)
- On-the-Job Training Completion — MAKOTEK Computer Sales Inc. (540 hrs)
- Certificate of Recognition — School Voting Management System, College Student Elections

LANGUAGES

- English — Proficient (written and spoken)
- Filipino — Native fluency
